

SCUBAPRO® LogTRAK & DAN DL7 level 3

SUB
MARINE
CONSULTING

Zur Zeit (04/2016) kann mit SCUBAPRO® LogTRAK, Version 1.2.0.1, kein DAN DL7 level3 File erzeugt werden: d.h. es können keine Tauchgangsprofile zu DAN zur Auswertung geschickt werden. Hier gibt es einen „work-around“, quick-&-dirty, in 17 Schritten:

- 1) LogTRAK öffnen,
- 2) TG markieren
- 3) & exportieren:

SCUBAPRO ® LogTRAK & DAN DL7 level 3

- 4) TravelTRAK Format (*.asd)
auswählen
- 5) Speichern
- 6) LogTRAK schliessen
- 7) SmartTRAK öffnen

- 12) TG Profil:
anzeigen lassen,
markieren
- 13) Exportieren:
- 14) als DAN
Dive Leader 7
(DL7) level 3,
also Dateiendung:
.zxl,
- DAN DL7 level 3 (***.zxl**)
- 15) Auswählen,
- 16) Speichern.

17) ... und dann ab damit zu DAN!

The screenshot shows a web browser window with the title "Diver Safety Guardian". The address bar contains the URL <https://daneuropedsl.org/site/frontend>. The page itself features a large world map background with blue oceans and continents. Overlaid on the map are several small circular icons containing the letters "DSG". In the upper left, there are navigation links for "Home" and "What Is DSG?". In the upper right, there is a logo for "DAN" (Divers Alert Network) with the text "DIVERS ALERT NETWORK EUROPE" below it. To the far right, there is a link for "DSG Features". At the bottom center, the text "The future of diving safety" is displayed above a large, bold, white text area that reads "DIVER SAFETY GUARDIAN". Below this main title, a smaller line of text says "A cool diver is a safe diver." The overall theme is diving safety and global reach.
