

EMPIRICAL DIVING TECHNIQUES OF COMMERCIAL SEA HARVESTERS

Fiftieth Workshop of the Undersea and Hyperbaric Medical Society

Co-Chairs and Editors

MICHAEL LEPAWSKY, M.D. and ROBERT WONG, M.D.

Conducted at:

Worker's Compensation Board of British Columbia
Lecture Auditorium
Richmond, British Columbia, Canada

Albrecht Salm
Master Scuba Diver Trainer
PADI MSDT # 33913

0417007

CONTENTS

<i>Faculty</i>	iii
Introduction	
<i>R. W. McGinn</i>	1
Decompression Sickness and Arterial Gas Embolism in Miskito Indian Divers: A Review of 229 Cases	
<i>D. M. Barratt, H. C. Olayo, G. Rudy, N. Goff-Rudy, A Palacios, and K. Van Meter</i>	3
Discussion	8
Dive Profiles and Results of Treatment	
<i>R. G. Dunford, G. W. Salvador, E. B. Mejia, and N. B. Hampson</i>	11
Discussion	15
Diving-Related Accidents in Commercial Sea Harvesters of the State of Yucatan, Mexico	
<i>E. C. Sanchez and H. Paredes</i>	17
Discussion	23
Indigenous Fishermen Divers of Thailand: Harvester-Gatherers of the Andaman Sea	
<i>D. Gold</i>	25
Discussion	29
Tuna Farm Divers of South Australia	
<i>C. J. Acott</i>	31
Discussion	32
Salmon-Farm Divers at Stewart Island, New Zealand: From the Ridiculous to the Sublime	
<i>S. J. Mitchell and B. D. P. Murphy</i>	35
Discussion	37
Diving Activity on Commercial Fish Farms in Norway	
<i>A. O. Brubakk</i>	39
Discussion	40
Patterns of Diving in Sports Divers Commercial Divers and Scallop Divers in Scotland	
Presenting with Decompression Illness	
<i>J. A. S. Ross and R. N. Stephenson</i>	43
Discussion	47
Diving and Decompression Sickness Treatment Practices Among Hawaii's Diving Fishermen	
<i>F. P. Farm, Jr., E. M. Hayashi, and E. L. Beckman</i>	49
Discussion	56
Diving Techniques of the Central Coast Abalone Divers	
<i>T. Hattori</i>	59
Discussion	60
Urchin Diving in Maine: The Urchin Diver and Urchin Spine Injuries	
<i>W. P. Butler</i>	61
Discussion	82
British Columbia Emerald Sea Commercial Diving Geoduck Harvesters	
<i>M. Lepawsky</i>	83
Discussion	85

Dysbaric Osteonecrosis in Turkish Sponge and Shellfish Divers	99
<i>M Çimşit</i>	
Discussion 101	
High-Risk Diving and Dysbaric Osteonecrosis	103
<i>J. P. Jones, Jr., G. W. Salvador, F. Lopez, S. Ramirez, and S. B. Doty</i>	
Discussion 109	
Diving Profile and Dysbaric Osteonecrosis	111
<i>M. Kawashima, H. Tamura, K. Takao, K. Yoshida, M. Kitano, Y. Mano,</i>	
<i>C. Lehner, and Y. Taya</i>	
Discussion 112	
<i>Slide Presentation: Proposal of Procedures for Prevention of Dysbaric Osteonecrosis in Divers:</i>	
<i>Concerning the Pathogenesis of this Disease</i>	
<i>M. Kitano</i>	125
Maine Scallop Divers: Decompression Sickness and the Prevalence of Dysbaric Osteonecrosis	129
<i>C. E. Lehner and A. A. Pollard</i>	
Discussion 129	
Development of Pearl Diving Profiles of Western Australia	139
<i>R. M. Wong</i>	
Discussion 140	
Modeling the Risk of DCS in Empirical Diving Techniques	143
<i>R. Y. Nishi</i>	
Discussion 152	
Profiles of Maine Scallop and Urchin Diving Accidents Treated 1989 to 1997	157
<i>A. A. Pollard, C. E. Lehner, and C. E. L'Heureux</i>	
Comparative Analysis of Some Empirical Sea Harvesting Diver Profiles	161
<i>R. W. Hamilton</i>
